

Contract Claims

Course Number: 1023

Length: 5 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods:

Course Description

Understand the legal and practical implications of government contract claims. By examining case studies, you will explore the different elements of a claim and best practices for how to avoid claims.

Intended Audience

This course is designed for personnel involved in the management of government contracts. Those involved in management of construction contracts may want to consider Construction Claims.

Course Learning Objectives

- Explain what constitutes a claim
- Discuss the rules for preparing a claim
- Respond to the filing of a claim

Course Additional Features

- Producer Support
- Technical Support Team
- Dedicated In-House Accessibility/Section 508 Compliance
- Student Resource Guides

All details about the Additional Features are available on this page. [Click here to Explore](#)
