

Federal Assistance Law

Course Number: 2046

Length: 3 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

Course Description

Develop an in-depth understanding of the statutory authorities, regulations, and agency rules that impact how grant funds are administered by analyzing actual court cases and appeals board decisions. Through exercises and discussions, you will gain a holistic perspective of the federal assistance process and the relevant laws and regulations. This is an elective course in all tracks of the GMCP™.

Intended Audience

This course is recommended for recipient, pass-through, and federal personnel, including grants management specialists, project officers, attorneys, auditors, financial management personnel, and management personnel.

Course Learning Objectives

- Explain how the structure of the U.S. legal system impacts federal assistance programs today
- Assess how federal and state laws affect common situations during grants administration
- Describe how federal assistance programs are categorized and funded according to the federal budget process and executive guidelines
- Describe how the U.S. Constitution, federal statutes, and administrative requirements impact federal funds, agencies, and award recipients throughout the federal assistance process
- Determine the remedies available to federal agencies and award recipients during grants-related disputes
