

Appropriations Law: Advanced Applications

Course Number: 5159

Length: 2 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

Course Description

Where and how to find guidance to address an appropriations law issue may not be readily apparent—and the consequences may be harsh if you get it wrong. This course builds on the principles of appropriations law to guide participants through the process of analyzing and researching an appropriations law issue, then defending the ultimate decision to stakeholders.

Intended Audience

This course is designed for anyone familiar with the tenets of appropriations law who needs to make sure federal funds are executed properly.

Client-Provided Facility Requirements

- 1 computer per student with Internet and Microsoft Office 2010
- Internet required for instructor computer

Course Learning Objectives

- Determine the key points in a given situation, then the best sources to research in order to reach and support a decision on the best course of action
- Analyze and research case studies related to the principle of Purpose to reach and defend a decision
- Analyze and research case studies related to the principle of Time to reach and defend a decision
- Analyze and research case studies related to the principle of Amount to reach and defend a decision
- Analyze, research, and defend an appropriations law case
