

GFMCP: Financial Controls

Course Number: 5613

Length: 2 Days

Primary Delivery Method: Instructor-led online (synchronous)

Alternative Delivery Methods: Instructor-led live classroom

Course Description

Prepare for the Certified Government Financial Manager® (CGFM®) Examination 3: Governmental Financial Management and Control (GFMC) by exploring financial management systems, internal control, and auditing in the government sector. This course covers the foundational standards and requirements driving government financial management at the federal, state, and local levels. Through in-class and self-study material, participants will cement their knowledge of key financial management functions, financial and managerial analysis techniques, internal control, performance measurement and metrics, service efforts and accomplishments (SEA), and auditing. At the end of the course, you will also gain access to the Exam Prep Tool to help you prepare for the CGFM Examination 3 certification.

CGFM is a registered trademark of AGA, and Examination 3 is the intellectual property of AGA. Management Concepts training course is in no way affiliated, endorsed or approved by AGA.

Intended Audience

This course is designed for individuals aiming to build knowledge and skills in government financial management functions, financial and managerial analysis techniques, performance management and reporting metrics, internal control, and auditing at the government level.
