

GFMCP: Government Financial Accounting, Reporting, and Budgeting—Self-Guided

Course Number: 5632

Length: Self-guided

Primary Delivery Method: Self-study online

Alternative Delivery Methods:

Course Description

Prepare for the Certified Financial Manager® (CGFM®) Examination 2: Governmental Accounting, Financial Reporting and Budgeting by exploring government financial management to enhance operations. This course covers accounting and budgeting at the federal, state, and local levels of government. Through in-class and self-study material, participants will cement their knowledge of the foundational standards and requirements driving government financial management, reporting and financial statements, and budgeting concepts. At the end of the course, you will also gain access to the Exam Prep Tool to help you prepare for the CGFM Examination 2 certification.

CGFM is a registered trademark of AGA and the GAFRB exam is the intellectual property of AGA. Management Concepts training course is in no way affiliated, endorsed, or approved by AGA.

Intended Audience

This course is designed for government professionals aiming to build knowledge and skills in financial management operations and structure at the federal, state, and local government levels.

Course Learning Objectives

- Describe accounting and reporting objectives, frameworks, and practices in the government environment
- Apply the fundamental concepts, principles, and methods of managerial cost accounting
- Evaluate federal financial accounting practices, considering the roles of key governmental agencies and their impact on financial transparency and accountability
- Understand and apply the principles, practices, standards, and regulations of financial accounting as they pertain to state and local government entities
- Identify effective practices in preparing government financial reports and statements
- Describe budgeting concepts and processes from formulation through execution of the budget in the government

Course Additional Features

- Technical Support Team
