

EDFMTC Module 1: Resource Management Environment

Course Number: 5641

Length: 2 Days

Primary Delivery Method: Instructor-led online (synchronous)

Alternative Delivery Methods: Instructor-led live classroom

Course Description

Explore areas of Defense financial management beyond your daily responsibilities to learn how they relate to the resource management environment and help ensure cohesive financial management operations. We will focus on the topics that will benefit your Certified Defense Financial Manager (CDFM) exam preparation efforts with both traditional and digital study options to help with your review. This course will review the government resource management environment, manpower management, management's responsibility for enterprise risk management (ERM) and internal control (IC), and fiscal law. At the end of the course, you will also gain access to the Exam Prep Tool to help you prepare for the CDFM certification exam for Module 1: Government Resource Management Environment.

Intended Audience

This course is designed for individuals aiming to build knowledge and skills in various financial management areas such as budgeting, cost analysis, accounting, and finance in the federal government and Department of Defense and planning to take the Certified Defense Financial Manager (CDFM) certification exam for Module 1: Resource Management Environment.
