

EDFMTC Module 2: Budget and Cost Analysis

Course Number: 5642

Length: 3 Days

Primary Delivery Method: Instructor-led online (synchronous)

Alternative Delivery Methods: Instructor-led live classroom

Course Description

Explore Defense financial management beyond your daily tasks for a comprehensive understanding and enhanced operational cohesion. This innovative course navigates the demanding and complex landscape of Defense finance through both in-class and self-study material to pass the Certified Defense Financial Manager Certification. Essential for the entire financial management workforce, this course focuses on reviewing the key concepts of the DoD's budget process through the Planning, Programming, Budgeting, and Execution (PPBE) process. In addition to budget, this course provides a review of cost and economic analysis as well as strategic planning from the Enhanced Defense Financial Management Training Course. This course also covers overarching foundations of fiscal law as they relate to these key areas of DoD financial management.

Intended Audience

This course is designed for individuals aiming to build knowledge and skills in various financial management areas such as budgeting, cost analysis, accounting, and finance in the federal government and Department of Defense and planning to take the Certified Defense Financial Manager (CDFM) certification exam for Module 2: Budget and Cost Analysis.
