

Audit Boot Camp

Course Number: 5820

Length: 5 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

Course Description

Gain a foundational knowledge of government auditing to promote the successful delivery of audits and help ensure the integrity and accountability of government to the public.

Intended Audience

This course is designed for new auditors who want an intensive introduction to government auditing and those looking to build a strong foundation of knowledge of government auditing.

Course Learning Objectives

- Describe the major types of audits and their phases
- Explain government auditors' roles and responsibilities
- Summarize the unique ethical environment that impacts government auditor's work
- Discuss how audit results are used by oversight organizations
- Apply current Generally Accepted Government Auditing Standards (GAGAS) and Office of Management and Budget (OMB) circulars
- Identify and apply the evidence standards of GAGAS
- Discuss the links between the audit process and GAGAS
- Apply commonly accepted risk management and internal control concepts when performing audits
- Apply auditing skills and methodologies, including various analytical tools
- Apply data-gathering and analytical techniques for compiling sufficient evidence
- Develop findings to include condition, cause, criteria, and effect
- Develop action-oriented recommendations
- Prepare and present audit briefings
- Discuss how to maintain a good auditor-auditee relationship
