

# Leading and Managing High-Performing Project Teams

Course Number: 6183

Length: 2 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

## Course Description

Develop core competencies in interpersonal skills such as fostering self-understanding, team building, motivation, and conflict resolution to better manage teams. You will gain a better understanding of what drives team performance and how to build and sustain your high-performing team through team assessment, role-play activities, and discussions designed to encourage self-reflection.

## Intended Audience

This course is intended for advanced level Program and Project managers.

## Course Learning Objectives

- Identify the characteristics of high-performing project teams
- Effectively launch a new project team
- Encourage peak performance in project teams
- Apply leadership skills to develop team members' competence and commitment
- Lead and manage remote project teams

## Course Additional Features

- Producer Support
- Technical Support Team
- Dedicated In-House Accessibility/Section 508 Compliance
- Student Resource Guides

All details about the Additional Features are available on this page. [Click here to Explore](#)
