

# FPM 334 - Progressive Leadership in Program Management

Course Number: 6891

Length: 2 Days

Primary Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

## Course Description

Learn how senior program managers must lead from a total systems perspective, which requires an understanding of the federal environment and integrated program management. You will explore the relationships that shape situations and use that knowledge to identify key issues that can inhibit project success. Through exercises around leadership techniques, decision support systems, and team building, you will leave with tactical tools necessary to make strategic decisions. This course meets the requirements for the Federal Acquisition Certification for Program and Project Managers (FAC-P/PM) certification at the Senior-Level.

## Intended Audience

This course is intended for program and project management professionals seeking their FAC-P/PM Senior-Level certification.

## Course Learning Objectives

- Evaluate leadership challenges in the federal system environment
- Compose an effective leadership strategy to affect organizational change
- Build high-performance teams and develop stakeholder relationships
- Evaluate the system environment to make timely and effective decisions

## Course Additional Features

- Producer Support
- Technical Support Team
- Extended Learning Bursts
- Dedicated In-House Accessibility/Section 508 Compliance
- Student Resource Guides
- AI Prompts

All details about the Additional Features are available on this page. [Click here to Explore](#)
