

Frequently Asked Questions

Course Title: Artificial Intelligence (SI) for Federal Acquisition Professionals

Course #: 1060

Duration: 2 Days

Delivery Method: Instructor-led online (synchronous)

Alternative Delivery Methods: Instructor-led live classroom

1. What business or organizational need does this course address?

Develop the knowledge and practical skills federal acquisition professionals need to understand, evaluate, and responsibly acquire artificial intelligence products and services. Examine AI fundamentals, applications across the acquisition lifecycle, vendor claims, performance and risk considerations, responsible AI principles, privacy, cybersecurity, data rights, governance, and human oversight. Apply these concepts through acquisition-focused exercises designed to support informed decisions and effective management of AI-enabled solutions.

2. Who should attend?

Contract specialists, contracting officers, contracting officer's representatives, acquisition program personnel, program and project managers, requirements owners, and other federal employees who participate in acquiring or managing AI-enabled products and services. No technical AI, data science, or programming background is required.

3. What will I learn how to do in this course?

- Explain fundamental AI concepts, capabilities, limitations, terminology, and lifecycle considerations relevant to federal acquisition
- Apply AI considerations across market research, requirements development, acquisition planning, solicitation, evaluation, source selection, contract administration, and closeout
- Evaluate AI solutions, vendor claims, performance, and acquisition risks using appropriate testing, validation, monitoring, and human review
- Apply responsible AI, legal, policy, privacy, cybersecurity, information protection, and governance requirements to federal AI acquisition activities

4. What kinds of activities are included in this course?

Individual, small-group, and large-group exercises; lecture, discussion

5. Are there prerequisites for this course?

No Information Available.
