

Frequently Asked Questions

Course Title: Evaluating a Contractor's Performance

Course #: 1126

Duration: 3 Days

Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

1. What business or organizational need does this course address?

Explore ways to oversee and optimize contractor performance as a COR or program manager in order to maximize your spend while fulfilling mission needs. The processes required to elicit successful performance require planning, focused monitoring and surveillance, and other remedies that yield high-quality services and deliverables. You will become familiar with the Earned Value Management System (EVMS), chart tools, and remedy processes, such as withholding progress payments and terminations.

2. Who should attend?

This course is designed for contracting officer's representatives, program managers, project officers who have responsibility to oversee contractor performance.

3. What will I learn how to do in this course?

- Explain when it is necessary to evaluate a contractor's performance
- Plan the evaluation
- Evaluate a contractor's performance
- Take corrective action
- Document the results

4. What kinds of activities are included in this course?

Lecture, discussion, exercises, and independent readings

5. Are there prerequisites for this course?

There are no prerequisites for this course.
