

Frequently Asked Questions

Course Title: EDFMTC Module 1: Resource Management Environment

Course #: 5641

Duration: 2 Days

Delivery Method: Instructor-led online (synchronous)

Alternative Delivery Methods: Instructor-led live classroom

1. What business or organizational need does this course address?

Explore areas of Defense financial management beyond your daily responsibilities to learn how they relate to the resource management environment and help ensure cohesive financial management operations. We will focus on the topics that will benefit your Certified Defense Financial Manager (CDFM) exam preparation efforts with both traditional and digital study options to help with your review. This course will review the government resource management environment, manpower management, management's responsibility for enterprise risk management (ERM) and internal control (IC), and fiscal law. At the end of the course, you will also gain access to the Exam Prep Tool to help you prepare for the CDFM certification exam for Module 1: Government Resource Management Environment.

2. Who should attend?

This course is designed for individuals aiming to build knowledge and skills in various financial management areas such as budgeting, cost analysis, accounting, and finance in the federal government and Department of Defense and planning to take the Certified Defense Financial Manager (CDFM) certification exam for Module 1: Resource Management Environment.

3. What will I learn how to do in this course?

- Discuss the significance of the federal legislative process in shaping the allocation of federal funds and resources
- Explore the role of financial management in planning, estimating, and mobilizing manpower in the DoD
- Explore the principles of Enterprise Risk Management (ERM) and internal controls in mitigating risks within the DoD
- Review the foundations of fiscal law

4. What kinds of activities are included in this course?

Individual, small-group exercises; lecture, discussion, case study
