

Frequently Asked Questions

Course Title: The Integrated Project Team (IPT)

Course #: 6014

Duration: 2 Days

Delivery Method: Instructor-led live classroom

Alternative Delivery Methods: Instructor-led online (synchronous)

1. What business or organizational need does this course address?

Learn the most effective ways to design, charter, and utilize an Integrated Project Team (IPT) to increase the project's production of acceptable deliverables for stakeholders and end users. While IPTs have become a standard requirement for many federal government project and program environments, some audits have shown that many IPTs are in name only. Discover techniques to ensure the proper implementation of an IPT to meet both statutory and regulatory requirements. The concept of deploying IPTs covers both IT and non-IT programs/projects and can, if properly implemented, provide significant benefits to federal agencies and departments.

2. Who should attend?

This course applies to a large cross-section of federal employees from senior leadership team members to program/project managers, leaders for acquisition, finance, legal, IT, and human resources departments. A basic understanding of general program/project management practices is helpful and will enhance understanding of course material.

3. What will I learn how to do in this course?

- Understand the purpose and application of Integrated Project Teams (IPT) within federal government agencies and departments
- Create a charter with the appropriate roles and responsibilities of IPT members to oversee and govern federal government programs/projects
- Describe effective IPT practices in supporting federal programs/projects through their entire life cycle
- Demonstrate high-performing IPT practices and techniques that result in successful outcomes of federal government programs/projects

4. What kinds of activities are included in this course?

Presentation, class discussions, practical activities, and group and individual exercises

5. Are there prerequisites for this course?

Frequently Asked Questions

There are no prerequisites for this course.

6. Do I have to complete any prework for the course?

There is no prework required for this course.

7. Is this course applicable toward a professional certification?

No, this course is not applicable toward a professional certification. However, many Management Concepts courses do prepare you for professional certification programs. Click [here](#) to see a full list of professional certification programs that are supported by Management Concepts training courses.

8. Does this course count for credit toward a Management Concepts Certificate Program?

This is a core course in the following program(s):

- [Contracting Team Lead](#)
- [Project Management Associate Track](#)

This is an elective course in the following program(s):

- [Project Management Master Track](#)
- [Program Management Certificate Program](#)

9. What credits do I earn by completing this course?

The following credits are available for this course:
